As an establishment accepting our service, our volunteers are aware you may require further references, special police checks or occupational health interviews and they have declared that they will abide by your rules and regulations if they commit to visiting there. Please make sure that you give our volunteer your Health & Safety procedures and any regulations that you might require. They have agreed to wear any security badges you require as well as the Therapy Dogs Nationwide photo ID and that of their pet. It is your guarantee that your visitor remains a registered volunteer of Therapy Dogs Nationwide and is bound by its policies.

Therapy Dogs Nationwide asks that you agree to ensure that your staff treats with respect and dignity the volunteers and their therapy dogs while at your establishment. They are bound by our policies and procedures and should never be asked to contravene these by taking risks with either their therapy dogs or with themselves.

In the unlikely event that there is an incident where either one of our volunteers or their pet is involved, they are required by Therapy Dogs Nationwide to notify the Registration Office. If you require a copy of our handbook or any other information or have any concerns which you would like to discuss, please email **enquiries@tdn.org.uk** call 07840 994003

Therapy Dogs Nationwide would hope that you will receive many visits from our volunteers and their companion dogs and that your staff and patients/clients will feel the proven benefits from our service.
